

A QUIET AFFAIR

WAS THE PRESIDENT-ELECT'S ARRIVAL IN WASHINGTON.

HOW HE EVADED THE MULTITUDE.

Scenes Along the Route From Indianapolis—An Amateur Photographer Gets in His Work—The Early Breakfast.

WASHINGTON, February 26.—[Special.]—President-elect Harrison is here. It is the president-elect's arrival at the national capital as he did, history has no record of it. The one object seemed to be to avoid any contact with a contaminating throng, though there was not much danger of the party being overwhelmed, as hardly more than a thousand people congregated at the Pennsylvania station to witness his arrival. The majority of these belonged to the advance guard of visitors to the inauguration. But even these were not given an opportunity to welcome the new arrival, for the train was taken to the Maryland avenue yard, where the party took carriage for the Arlington Hotel. There was no demonstration except that made by

A SCORPE OF BOOTLACKS, who hollod:

"That's him; he's the president now."

He stepped off the train carrying the hand-satchel presented by the Commercial Travelers' association, and after assisting Mrs. Harrison and baby McKee to alight, he stood for the line of carriages, which were in waiting. As he did so, he dropped his valise and stumbled over it, and as he stooped to pick it up Mrs. Harrison remarked something about it being an ill omen, at which

THE GENERAL LAUGHED HEARTILY.

Chairman Britton then bundled the president-elect and his wife and baby into a carriage, and the other members of the party entered their vehicles, and were driven to the Arlington Hotel. The president-elect, however, remained in the carriage to the depot, it being his intention to extend every courtesy within his power to his successor, but General Harrison was in such a rush that he got into the wrong carriage. The procession started along in the rear of the government buildings, passed by the Washington monument into the white lot in rear of the white house and on to the Arlington, where several hundred persons blocked the sidewalk, eager to catch a sight of him. When he disembarked the crowd cheered, and the general's

JADED AND THIRSTY COUNTERPART,

lighted up with an air of satisfaction as he bowed his thanks. He wore a chinchilla overcoat, a broad brimmed semi-military hat, with his coat loosely buttoned, and a wine-colored muffler carelessly entwined about his neck. He looked more like a typical farmer than statesman. During the remainder of the day and evening, the politicians thronged about the lobbies of the Arlington, but few made any effort to get inside the sacred precincts of the Johnson annex, where the presidential party is installed. It was a noticeable feature that the republican senators took no interest in the slightest degree in General Harrison's arrival.

A BREACH OF DECORUM.

The city is astounded tonight at the terrible breach of etiquette which General Harrison has been guilty of. It has been an unwritten law that immediately upon the arrival of a president-elect, he should call upon the president-elect and his family. This call is usually returned during the same day. General Harrison has not been near the white house today, and has emphasized his breaking of the custom by his reception generally at the Arlington hotel. Whether intentional or through ignorance, Harrison's conduct is severely criticized. Every one is also amazed at the icy coldness of his reception generally, and the fact that he has not been near the white house at all this evening, not a rocket has been fired, not a note of music heard, and not a sign of popular welcome given. The coldness about the Arlington, and the lack of interest about the residence of Sherman and Edmunds.

ALONG THE ROUTE.

General Harrison's Ride to Washington—Incidents of the Trip.

ALTONA, Pa., February 25.—From Pittsburg to Altona the first section of the Pennsylvania road, the trip was made without incident by the presidential train, save that thirty minutes of lost time was made up. Superintendent Pitcairn, of this division of the road, was well represented by officers of the train. On engine 81, which hauled the cars up the western slope of the Alleghenies, was Alexander Pitcairn, Conductor John Pitcairn, while the superintendent's personal representative, Ed Pitcairn.

On this division another precaution was taken to provide against delays or accidents. An extra engine followed the official train, in order to be on hand should No. 81 become disabled.

There was no demonstration of any kind at Pittsburg, the only persons in the train shed being railroad employees and a few belated or early passengers who chanced to be in or about the station.

At Jeannette, the young Windsor of western Pennsylvania, it had been expected by the enterprising manager that an exhibition of gas wells would be made, but no stop could be permitted. Seven months ago there was no house on the site of what is now a bustling, thriving little city.

The faint gray streaks of dawn met the eyes of early risers on the train as they dashed to the summit at the beautiful park of Croston, and then there was an awakening by a majority of those aboard in order to witness the beauties of

THE FAMOUS HORSESHOE BEND

between them and Altona, which were greatly enjoyed, especially by those who for the first time gazed upon them.

At Pittsburg a telegram was received from a committee of the Pennsylvania legislature, appointed to ask the president-elect to visit the hall of the house of representatives in Harrisburg, in order that members of the general assembly might pay their respects to the coming head of the republic.

All the way up across the mountain side into Altona there was a race between the two sections of the train, in which, as stated, the second or official section recorded a gain of thirty minutes of time lost west of Pittsburg. It was a glorious race, and in the braking at the high altitudes, it was thoroughly enjoyed by those who were awake.

A change of engines and crews for the middle division was made just before Altona was reached, in order to save time at the station. Superintendent McClellan came aboard with Conductor Loug, while engine 1,103, with Engineer Jones in charge, was at the front. The train ran slowly through the yards, not at any time stopping. It left here at 5:30 a. m.

A LITTLE DELAY.

The time gained in the run to Altona yards partially lost by the delay occasioned in remedying a misfit of couplers joining the first two cars of the train, and the presidential section of No. 20 pulled slowly through and out of the station at Altona at 7:15, thirty-five minutes behind schedule time. "Just enough to make a nice run," remarked Conductor Loug. "We'll get there if the first section will keep out of our way," but that had been the trouble all the way from Indianapolis. The first section would maintain its exasperating habit of locking the road, but change was made at Altona, and the lively rate of speed at which the

run over the division was begun, indicated that the promise would be kept.

So slow was made at Altona, where the railroad shop hands were out in force along the tracks, and several hundred citizens were gathered at the station to wave their greetings. Fortunately, no whistle was blown, for had all the power in that direction been manifested, it would have been sufficient to wake much sounder sleepers than those aboard the car of the president-elect.

RUSSELL AS AN EARLY RISE.

Russell Harrison, the last of the general's party to retire, was the first to make his appearance, after leaving Altona. He said, when informed of the request of the Pennsylvania legislature, that the schedule arranged for the train would not permit of any stop at Harrisburg as the resolution contemplated.

At Bellwood, seven miles east of Altona, a company of men with a large flag stood along side of the track, and at Tyrone Junction, where a branch leads off to the coal mines of the Clearfield region and at Tyrone Forge there were crowds of people and flags displayed. The hotel at Tyrone was decorated with bunting at all the windows and where a lawn will be next summer stood a gathering of the country's best people.

Huntingdon's streets were lined with men and women and at smaller places and farmhouses along the way the train was greeted by small crowds of interested gazers.

THE FAMILY AT BREAKFAST.

At nine o'clock the day had fairly begun in car 120, and General Harrison and immediate family sat down to breakfast, whence they viewed the gatherings of people at Mt. Union, Lewistown Junction, Millin, Newport, Duncannon and Marysville as they sped along toward Harrisburg.

The party in the press car breakfasted as the train ran along the banks of blue Juniata, the beautiful scenery adding much to the delights of the meal. The table was adorned by a handsome bouquet of roses, which came with the compliments of Mrs. Harrison. The president-elect's breakfast was served promptly at 10:30, in the presence of a select company of people who were kept outside the car.

Just as the train was pulling out of Harrisburg, a gentleman handed up to Russell Harrison a beautiful floral basket of marigolds, and a small box containing a variety of fruit and bunches of carnation pink and hyacinths.

THE LITTLE PHOTOGRAPHER.

As the train left behind it the venerable city where General Harrison's grandfather was nominated for the presidency, the general, Mrs. Harrison and members of the family remained out upon the platform some little time. The train was moving slow when a bright-faced boy, wearing a knit cap with a tassel and carrying a small photographer's outfit ran beside the train and called out to the general that the train would stop shortly and he wanted to take his picture. The general nodded his approval and water with the camera. The boy then stepped into the train, opening the door the general called Russell and his wife and Mrs. McKee and Mrs. Lord to come out with him and Mrs. Harrison and have their portraits taken. Of course they all complied, while nurses held Benjamin and Mary McKee up at the window. Russell's baby Martha, being in the other car at the time, was not taken. The boy then stepped out across the river, and the young amateur hastily adjusted his tripod and waving his hand for them to prepare, he uncovered the lens for a moment and then politely doffed his cap.

THE TRAIN MOVED UP A LITTLE AND SO DID THE BOY, AND, COMING CLOSER,

HE SECURED A SECOND PICTURE.

The general inquired his name, and he said that it was Hugh Beaver, and one of the conductors of the Pennsylvania railroad. He asked that any man who thought so should get up and make the statement. At this point Mr. Romeis, of Ohio, a republican, who was sitting immediately in the rear of Kennedy, arose and in a clear and distinct voice announced that he was a living witness to the honesty and fairness of Mr. Turner. He then stepped into the train, and Kennedy's remarks were very forcible and every word he uttered struck

He hit sledgehammer blows and his speech will have the effect of welding Kennedy out of political existence. Mr. Turner asserted that not a man on the floor of the house could accuse him of unfairness during his term as governor of Ohio. THE GLASCOWS OF THE HOUSE OF REPRESENTATIVES.

GETS ON HIS LONG EARS AND HOWLS.

He Makes a Bitter Attack on Speaker Carlisle and Representatives Crisp and Turner, of Georgia.

WASHINGTON, February 26.—[Special.]—This was Georgia's day in the house, and a great day it was. The people of Georgia have just cause to feel proud of their two distinguished representatives, Messrs. Crisp and Turner. They covered themselves with glory, and completely squelched that bloody-trail flounder from Ohio, Bob Kennedy. The scene was the most sensational one that has been enacted at this season of congress. It was the day that foot Bob Kennedy, the successor of ex-Speaker Kiefer, will never forget. Kennedy took advantage of the Indian appropriation bill to make a speech in which he recent speech in the Smalls-Elliott case. He delivered himself of one of the most insolent, cowardly and untruthful speeches that was ever heard upon the floor of the house. It was a full of misstatements as it was of venom and hatred toward the southern people and the democratic party. He showed utter disregard to truth, fact and history that, before the day was over, he had made himself as one of the grandest and most conspicuous liars of the present age. It was a vilification of Mr. Crisp, Mr. Turner and Speaker Carlisle, and a full of misstatements as it was of venom and hatred toward the southern people and the democratic party. HEADLIGHT FLASHES.

CAPTAIN HARRY JACKSON APPOINTED ATTORNEY

For the Georgia Pacific Division of the Richmond and Danville System—Chattanooga Jubilee Over the New Line to Chicago—The Delayed Trains—The Rate Meeting Today—A Change Asked For.

Several important appointments have recently been made in the management of the law departments of the roads coming into Atlanta. Mr. Henry Jackson, of the firm of Jackson & Jackson, has been appointed division counsel for the Georgia Pacific division, the Georgia Pacific now being one of the roads issued by the Richmond and Danville system. Mr. Jackson has the supervision and direction of the legal business of the Georgia Pacific railway system, which means for the Georgia Pacific, being over five hundred miles of territory. This gives him the control of the largest division in the south. Mr. Jackson is also appointed assistant division counsel of the Richmond and Danville railroad on the division comprising the territory between Atlanta and Charlotte, N. C. The division counsel of this branch is Hon. Pope Harlow, of Athens, who is also made assistant general counsel of the entire Richmond and Danville system.

The tender of these appointments to Mr. Henry Jackson is only another demonstration of the appreciation of the railroad authorities of his great success for over ten years as counsel for the Central Railroad and Banking company and for several years as counsel for the Louisville and Nashville railroad companies. It is said that during the many years of his administration of the legal affairs of the Central Railroad and Banking company, the latter has never paid by Mr. Jackson was \$1,000, although at that time the company was sued for hundreds of thousands of dollars. Before these recent appointments the firm of Jackson & Jackson, composed of Mr. Henry Jackson, and his son, Mr. Thomas Cobb Jackson, already had one of the largest legal practices in the south, especially in the insurance, banking and commercial law. This increase of railroad business the representation of the Georgia Pacific, Louisville and Nashville and the Louisville and Nashville companies, will not, however, interfere with their other general practice, to which their attention will still be given. Mr. Thomas Cobb Jackson, the junior member of the firm, will be the assistant of his father in all of this railroad business.

The efficient general counsel of the Richmond and Danville system is Mr. James T. Worthington, a gentleman prominent and successful in his profession. Atlanta people will congratulate him upon the wisdom of his appointment. Captain Jackson is one of the most distinguished members of the Atlanta bar, and has many friends all through the south who will agree upon the wisdom of this appointment.

Chattanooga's Prospects for a New Line. Chattanooga is growing happy over the bright prospects for the new line to Chicago by the Evansville.

The city is hard at work to secure the new road. As now laid out it extends from Chattanooga to Evansville, Ind., in a northwesterly direction and passes through some of the best portions of Tennessee and Kentucky. The company has been chartered and the second vice-president of the organization is a Chattanooga capitalist, Major H. M. Clift. The right of way has been secured and the work will soon begin. The directors held a meeting in Evansville last night, and every assurance was given that work would be commenced at an early date. The road will pass through a country which railroads have never penetrated, and all along the line are rich beds of iron, coal and timber.

Want to Change the Place. The annual convention of the traveling passenger agents association is booked for New York next month. The members of the association, however, seem to prefer the City of Mexico and are petitioning the chairman of the association to change the place. New York is a very hot weather in March, but the City of Mexico presents a delightful climate.

The Auction and Montgomery. The board of incorporators of the Aniston and Montgomery road met in Aniston a day or two ago. No organization was effected, because the charter requires a thirty days notice of an intention to organize. Every one present, however, was sanguine, and the work will be commenced just as soon as the organization can be effected.

Double Track the Road. Major Green, general manager of the Georgia road, was in the city yesterday and after making a careful investigation of the business between Atlanta and Macon decided to put down a double track. The work will be commenced at once, but for the present the second track will extend to Clinton only. The great amount of business handled by the road renders one track insufficient. The proposed double track will be commenced immediately.

All On Time. The trains were all on time yesterday except one, and the union depot was a busy place between twelve and two o'clock. The delayed train was the East Tennessee, due last night at 12:40. It was one and a half hours late.

Going to Brunswick. General Manager Hudson and Mr. B. W. Wynn, general passenger agent of the East Tennessee, came to the city yesterday and their special car. They remained in the city until twelve last night when they started for Brunswick. They are on a tour of inspection.

In a Private Car. George M. Pullman, with a party of New York gentlemen, arrived here this morning from New Orleans by his private car and left by the Piedmont for New York. He did not stop over here any time.

To Meet This Morning. The city was full of railway gentlemen of prominence last night. They are here to attend a rate meeting this morning. Among those present

are Mr. Sol Hess, traffic manager of the Richmond and Danville; J. H. Drake, general freight agent of the Richmond and Danville; W. F. Sullivan, of the Central; T. S. Davis, of the East Tennessee; at Knoxville; W. J. Crang, of the Georgia; J. D. Williams, of the Chesapeake, Rome and Columbus; Roy Knight, of the East Tennessee; at Selma; G. A. Whitehead, of Savannah; J. H. Drake, Richmond.

Over the Crosses. Tickets to the presidential inauguration are now on sale. G. S. Barnum, general passenger agent of the Georgia Pacific was in Atlanta yesterday.

John A. Gee, passenger agent of the Atlanta and West Point, came in from North Carolina yesterday. Major E. Berkeley, superintendent of the Atlanta and Charlotte division of the Richmond and Danville, left for Washington yesterday.

H. N. Raymond, general traveling agent of the Railway's assembly line, is in the city.

W. C. Watson, the general passenger agent of the Southern Pacific company, was in Atlanta yesterday.

S. H. Hardwick, assistant general passenger agent of the East Tennessee, came home from Knoxville yesterday.

Alexander Thwait, passenger agent of the Georgia Pacific came in from Birmingham yesterday morning.

George W. Ely, traveling passenger agent of the Southern Pacific, with headquarters in Montgomery, was in the city yesterday.

THE LOCAL STAGE.

Annie Pixley delighted two big audiences yesterday afternoon and last night. The matinee house was one of the largest of the year while the audience last night was almost as large.

"Zara" was the attraction at the matinee. It has been seen here often but seems to be always welcome. The audience was delighted with the performance.

Last night the new play "22 Second Floor" was presented for the first time. It is advertised as a "new and original comedy" by George H. Jessop. Its originality has been questioned by some dramatic writers, but so far as Atlanta is concerned it is both new and original.

Annie Pixley appears in a dual role—that of a loving wife and that of a variety actress. The story is built around the old idea of twins separated in early childhood, one training up just in time to create a number of complications in the life of the other. In the first two acts there is a good deal of fun, and the play promises well, but the last hardly sustains the interest.

As the actress, Miss Pixley is at her best, but rather loses her familiar self in the heavier role of the wife. While, as a whole, the play is interesting enough, giving Annie Pixley a chance to display her cleverness, it is not altogether satisfactory. It is not as good as some of the other plays of this charming lady's repertoire.

By the way, Miss Pixley, like her repertoire, is becoming quite extensive.

"One of the Bravest."

Today, at matinee and night, this thrilling drama will be given for the benefit of our fire lack. Two crowded houses are expected on the occasion as a testimonial to Atlanta's brave boys, and it is hoped that even those who cannot go will buy from one to one dozen tickets, according to their means. Besides this drawing reason, there will be a good company and an interesting play in its kind. The New York News said of the performance:

"The ringing of the three sixes at the People's theater in the great local drama, 'One of the Bravest,' yesterday, almost raised the roof. This story of New York life, written by Edwin E. Price, is so near to the heart of those who saw it that they were almost in tears. The scenes—such as they are familiar with. Charles McCarthy as the heroic fireman, Larry Howard, was true to life, and as has been said, 'The fire scene' was grand and real. The drama, aside from its fire effects, is a really meritorious one."

Shadows of a Great City. The successful melo-drama "Shadows of a Great City," will be produced next Thursday and Friday, with a cast well adapted to the requirements of the place. The play is splendidly mounted, and the majority of the scenes, being located on the water fronts of New York City and Brooklyn, are really recognized, and add to the interest of the drama. The story is well told, the characters are clearly defined, and the action is brisk. It illustrates vividly all phases of the life in the metropolis, will depict vice in some of its ugliest forms, and yet it is not in any sense what is known as a "blood and thunder" play. It is, in fact, an American play of a high order, and the scenes are located in this country. Among the characters may be mentioned Miss Annie Ward, who, as Lady Rotherham, has a career of a kind of witticism, which are greatly appreciated by the spectators; Miss Rose Tiffany, who has the stage presence, and as a character actress, assumes the dual role of Annie Standish, a poor woman, and Helen, her daughter; George R. Egleston, as Jim Farrow, has made his part very strong. The other members of the cast are first-class in every particular, and the play is given with a completeness and attention to detail which command the approval of the public.

The Worry of a Constant Cough, and the Soreness of Lungs, which generally accompanies it, are both remedied by Dr. Jayne's Expectorant.

At this season, as spring approaches, a good, reliable tonic and blood purifier is needed by nearly everybody. Hood's Sarsaparilla is peculiarly adapted for this purpose and becomes more popular every year. Try it this spring.

When I took Hood's Sarsaparilla that heaviness in my stomach left; the dullness in my head and the gloomy, despondent feeling disappeared. I began to feel stronger, my blood gained better circulation, the coldness in my hands and feet left me, and my kidneys do not bother me as before." G. W. Hill, Attorney-at-Law, Millersburg, Va.

Health and Strength. "A year ago I suffered from indigestion, had terrible headaches, very little appetite; in fact seemed completely broken down. On taking Hood's Sarsaparilla, I began to improve, and now I have a good appetite, and my health is excellent compared to what it was. I am better in spirits, am not troubled with cold feet or hands, and am entirely cured of indigestion." MINNIE MANNING, Newburg, Orange county, N. Y.

"Feeling languid and dizzy, having no appetite and no ambition to work, I took Hood's Sarsaparilla, with the best results. As a health invigorator and for general debility I think it superior to anything else." A. A. Riker, Union, N. Y.

IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Grate Oven Door, more perfectly than over the live coals.

Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings. Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve. THIS IS THE GREAT WAY TO BROIL MEATS.

There is no taste of coal-gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every house-keeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Grate Oven Door should be preferred to all others now in the market.

THE CAPITOL COMMISSION.

THE LAST REGULAR MONTHLY MEETING YESTERDAY MORNING.

GOLDEN WORDS FOR THE COMMISSION.

Supervising Architect Edbrooke, Pronounces the Work Good, and Says that the Building is the Best in America for the Money, and is Superior to Several Which Cost Twice as Much—An Elongated Dinner to the Commission.

The Capitol commission met yesterday morning at nine o'clock and proceeded in the body to make a thorough inspection of the work on the building. They expressed themselves highly pleased with the manner in which it had been done.

The commission then assembled in the executive office and held a regular session.

There were present Governor Gordon, General E. P. Alexander, General Phil Cook, Hon. A. L. Miller, Hon. W. W. Thomas, Captain E. P. Howell and Secretary W. H. Harrison—a full board.

Supervising Architects Edbrooke and Burnham were present. They reported that a very careful inspection of the building had been made, that quite a number of small matters had been noted, and the contractors had been required to put them in perfect order.

Everything has been finished up by the contractors except a very few things of small importance and they were receiving their attention.

The contracts made with the Alumi company for additional frescoing having been completed and their work accepted, the amount due them, to-wit, \$2,645, was ordered paid.

The contract for doors and casings in the basement having been satisfactorily done by Mr. W. S. Bell, his account for \$870.25, was approved and ordered paid.

The balance due Mr. J. G. Throver for plastering in the basement, amounting to \$225, was ordered paid.

Judge J. T. Henderson, commissioner of agriculture, asked the board to decorate some of the rooms of the department. Mr. Stewart of the Alumi company was asked to submit an estimate for decorating the rooms of the commissioner of agriculture, the assistant commissioner of agriculture, the attorney general, the principal keeper of the penitentiary and to paint in solid colors the remaining rooms on the first floor.

The board will meet today at nine o'clock to finish up the final work of receiving the building from the contractors.

A Talk With Mr. Edbrooke.

Supervising Architect Edbrooke was asked at the Kimball last night what he thought of the new capital building.

"Well, sir," said he pleasantly, "I haven't had much to say during the progress of the work in print, but as the building is now finished, with the exception of a few slight details, I will talk a little."

"I can sincerely pronounce the work good. The building is complete and is perfectly satisfactory to me. I am proud of it."

"How does the building compare with other state capitals in the country?"

"I can honestly say that the new capital of the state of Georgia is incomparably the best capital for the amount of money expended in the United States. It is more complete, more beautiful, and more substantial than any other state capital in the country."

"What was your original estimate of the cost?"

"My original estimate was about \$500,000. It will fall nearly \$400,000 below that figure, and, with the additional money expended, that estimate was made, will not go above it."

"That was a pretty close estimate."

"But here is the extraordinary part. The building has been completed and considerably within the appropriation of one million dollars. It is extremely rare for any public building, even small county courthouses, to be finished within the appropriation. As a rule it not only takes more than the original appropriation to put up public buildings, but in many instances twice as much, and sometimes more, to finish the work."

"And just here I must say that too much cannot be said in favor of the Georgia Capitol Commission. The manner in which they have managed this work is simply beyond praise. The result of their labors shows the wisdom of selecting them. They are pre-eminently headed and liberal men who have gone right on without any clashing, and it is to be seriously doubted if Georgia, among all of her people, could have chosen a commission which would have accomplished so much so speedily, so wisely and so well."

The Dinner to the Commission.

At three o'clock yesterday afternoon Captain Howell entertained the commission and a few friends at dinner at his home in West End.

There were present Governor Gordon, ex-Governor H. D. McDaniel, Hon. E. P. Alexander, General Phil Cook, Hon. A. L. Miller, Hon. W. W. Thomas, Hon. W. H. Harrison, secretary of the commission, Mr. W. B. Miles, contractor, Messrs. Edbrooke and Burnham, of Chicago, architects, Mr. John A. Corbally, superintendent of construction, Mr. David A. Champagnat, ex-superintendent of construction, Mayor John T. Gillet, Colonel George W. Adair, Mr. W. A. Hempel, Mr. Henry W. Gray and Mr. Clarke Howell, Jr.

The dinner was a most elegant affair and the charming occasion will live long in the memory of each and every honored guest.

The table decorations were elaborate and beautiful. In the center of the table stood a magnificent miniature model of the new capital building made of heavy paper and papier mache. The model was about four feet in length and proportionately high. It was a perfect reproduction of the building, the exquisite carving and delicate tracery being from the original plans. The interior was lighted up, and the soft light as it shone through the windows of transparent paper, was a wonderful imitation of glass—made a most beautiful effect.

This marvelous model was the ingenious handiwork of Messrs. Edbrooke and Burnham, of Chicago, the supervising architects of the new capital building.

WILL ORGANIZE TODAY.

A Baseball Meeting Yesterday—A Word About the Outlook.

The Atlanta Baseball club will be formally organized today.

A preliminary meeting held yesterday was attended by some of the leading enthusiasts, many others who could not be present sent assurances of their hearty sympathy and of their willingness to contribute to the success of the club.

After a general discussion of the outlook, a committee on permanent organization was appointed. This committee consists of Messrs. Tom Cobb, Jackson, H. R. Davis and S. W. Postell. The committee was appointed with power to act, and it is thought that a permanent organization will be perfected today.

Strong men—men in whom the people have confidence—will be put at the head of the club, and baseball will be pushed to success.

A MOTHER'S LOVE.

An Old Lady Appeals to the Governor to Pardon Her Boy.

Governor Gordon was compelled to refuse a most pathetic petition yesterday.

A lady from Gadsden, Ala., appeared in his office and implored him to pardon her two sons, who were sent to the penitentiary of Georgia for fifteen years.

She was old and blind and needy, and as she spoke, her lips trembled and her wrinkled cheeks were wet with tears.

It was the same old and beautiful story of a mother's love, and melted the heart of the governor. She had spent her last cent in coming to Atlanta. It was beyond his power to grant her touching appeal. He gave her a pass to Gadsden, and dismissed her with his warmest sympathy.

Two Deaths.

Mrs. M. C. Taber died suddenly yesterday at her home, 63 Cone street. Her remains will be laid to rest in Oakland today. Mrs. Taber was the widow of the late Mr. Taber and was a Christian lady universally beloved.

Mrs. Annie J. Hardy died suddenly last night at her home, 63 Forman street.

PIGOTT'S PERJURY.

Continued from First Page.

blank check with which to obtain the balance of his money at his banker's. Pigott has four sons, the youngest of who is six years of age. His wife died eighteen months ago. It is surmised that the black box mentioned in Pigott's telegram to his housekeeper, contained his correspondence with Houston which, it is reported, Pigott told Labouche on Saturday he had preserved. It is stated that when the Parnell commission was first proposed

LORD RANDOLPH CHURCHILL wrote to Mr. Smith, cautioning him against assenting to the proposal on the ground that the result would be disastrous to the government if the Times was unable to prove the authenticity of the letters.

Professor Maguire's death appears to be somewhat of a mystery. His illness was marked by vomiting of blood and other peculiar symptoms. The physician who attended him has not yet given a death certificate. The police are inquiring into the cause.

THE PIGOTT PARTY.

The News says: "We condole with the great Pigott party on the loss of its leader, and the consequent difficulty of fogging a head. No more utter and hopeless collapse has occurred in the history of calumny. The case of the prosecution has gone to pieces at the first touch. Parnell is proved innocent by the only way the Times relied on to prove him guilty. Whether the Times proceeds or not, Parnell will claim the right to disprove the other charges."

The Daily Telegraph says: "To all intents and purposes the Parnell commission may be regarded as ended today. We are inclined to say that Parnell stands free and innocent of the damning charge attributed to him, with what we are sorrowfully compelled to call reckless and rash impudence. To make this declaration adequate we must bear in mind what it would have signified for a man of Parnell's pronounced character to be the pillar of history branded with hateful duplicity and measured criminality. The climax has come to the right moment to give the world needed that Pigott forged the letters. Pigott is a man to rank with Bedloe and Oates."

The Daily Telegraph severely censures the carelessness with which the Times acted, and says the result must effect the political situation, as it is certain that there will be a body of opinion naturally attracted toward Parnell as an injured and persecuted man.

POLICE TALK.

A Woman Falls Out a Policeman With a Game Rooster.

A funny thing happened on Decatur street yesterday afternoon about 2 o'clock.

Two white women had been arrested charged with drunken and disorderly conduct. The women were boisterous and a crowd formed around them. The laughter of the crowd encouraged the women and finally they began fighting the officers.

Black Maria was telephoned for. The larger and stronger of these two women was held by Patrolman John Norman. In one hand she was carrying a full-grown game rooster.

"Let me go," said the woman to the policeman. "Let me go."

"Better quit that," advised the policeman. "Without any further ceremony the woman began flailing the policeman over the head with her rooster. She held the chicken by the legs and used it like a club, striking her opponent's head and shoulders.

The first blow sent the policeman's hat rolling down the street, and at the next pass the rooster's beak drew a few lines down the policeman's nose.

"Hit 'em hard!" yelled the crowd. "Let 'em go," said the woman to the crowd. "Keep it up, old girl!" said the crowd.

The feathers flew in all directions and for two or three minutes the crowd enjoyed it all immensely. Finally another policeman ran up and the chicken was snatched from the woman.

One of the chicken's wings is broken and there is a crack in its neck; but more dead than alive it was snatched from the woman and carried to the station house with the women.

At last a count the rooster was still alive. Patrolman John Norman, who was called upon to take the rooster, said he was present at the station with a sticking plaster on the beak line.

Mark Antony.

There is a historic name looked at pretty regular intervals on the docket at police headquarters. This is Mark Antony. He calls himself the proud Virginian. Last night he was brought in again. This time Petronius Wais had trouble in arresting him and was a little annoyed.

After he was locked up in his cell last night Antony made a strange speech of several hours' duration.

"My noble grandfather," yelled Antony in one of his flights of eloquence, "signed the declaration of independence—that's what he did. Here I am, a proud Virginian, just look at me. Look what these d—n p—dians did to me, will you?"

Negro Gamblers.

Another negro gambling house was raided on last night, and the police found a large number of gamblers. There were three negroes to be arrested, and the jailer took one each. Just as Patrolman Abbott's negro reached the jail, he heard a desperate cry for help.

He was chased for some distance, but finally got away in safety. The other two, the ones he went down, are O'Brien Fuller and Harrison Baker.

THE MERCANTILE BANKING COMPANY.

Negotiations in the Way of a Settlement Are at a Standstill.

Yesterday the hearing of the writ of habeas corpus in the J. M. Richards case, was to have come off.

It was not granted a hearing as Mr. Richards was so ill that he was unable to appear in court.

Mr. Tolson was seen last night nursing Mr. Richards. He declined to say anything.

Since Sunday night Mr. Richards has been suffering with neuralgia, and last night he was so ill that no one was allowed to see him.

The negotiations looking toward a settlement are at a standstill. The first proposition was that the state should pay for the expenses of the individuals, and \$1,000 on the court fees. This proposition was rejected.

The second proposition was thirty cents on the dollar, and twenty cents in six, nine and twelve months, secured by granite bonds, two for one.

The third proposition was that \$9,000 cash should be paid, and this was rejected.

A Very Sick Man.

Shortly after midnight, Mr. Richards grew worse and a physician was summoned. It was found that in addition to his neuralgia troubles he was threatened with congestion of the stomach.

Mr. Tolson stated that unless Richards was changed from his present quarters he will be in great danger. Something will probably be done today, and it is thought not unlikely that he will be removed from the jail.

THE CAPITAL CITY CLUB RECEPTION.

The Reception of the Capital City Club Last Evening Was an Elegant Affair and Was Largely Attended—The Wedding of Mr. Abbey and Miss Harris Last Night—Other Society News.

No entertainment could have surpassed in beauty and elegance the reception at the Capital City club last evening. The rooms were brilliantly lighted and tastefully adorned with rare East India plants. Dancing by the music of Wurm's orchestra was enjoyed until a late hour.

Major Mims, the first of all club presidents, deserves special commendation for the arrangement of this entertainment. He acted the host with his usual charm and royal courtesy.

When the dining rooms were thrown open and the guests were bidden to supper a sumptuous feast most artistically arranged met their eyes. Small tables were placed in the corridors and several reception rooms, and the dining table was a gem of picturesque and tasteful decoration. The center piece was a square of rare tropical fern placed on mirrors, which gave a beautiful water and foliage effect. Around this four baskets of rare exotics and epiphytes of tropical fruit were gracefully arranged. The tables were lighted with colored tapers in silver candlesticks, the lights shaded by dainty amber and rose-colored shades. The menu was elaborate and most exquisitely served in courses.

It was an evening of pleasure long to be remembered by all who were present. They were: Mr. and Mrs. Clarence Knowles, Mr. and Mrs. Charles Collier, Mr. and Mrs. Fitten, Mr. and Mrs. Kendall, Mr. and Mrs. Peel, Mr. and Mrs. Hugh McKee, Mr. and Mrs. Wellborn Hill, Mr. and Mrs. Robert Lowry, Mr. Joseph Thompson, Mr. and Mrs. C. L. Patterson, Mr. and Mrs. J. A. McGonigle, Mr. and Mrs. Carroll Payne, Mr. and Mrs. R. H. Rhet, Miss Speer, of Meacon; Miss Maude Barker, Miss Gertrude Snider, Miss Lizzie Pettit, Miss Mary Marsh, Miss Eula Maddox, Miss Thomas of Chicago; Miss Annie Adair, Miss Sadie Fink, of Fall, of Nashville; Miss Addie Adair, Miss Bessie Inman, Miss Carrie Crane, Miss Julia Clark, Miss Green, Miss Madeline Wyly, Miss Grant, Miss Green, of Syracuse; Mr. Patrick Callahan, Mr. Joseph Edmonson, Mr. Willis Reagan, Mr. G. Edmonson, Mr. Alton Angier, Major Comery, Mr. John Berry, Mr. Louis Bedvine, Dr. Willis Westmoreland, Dr. Stockton and others.

A beautiful wedding was that of Miss Jessie May Harris and Mr. Theodore H. Abbey, which took place last evening at the home of Mr. and Mrs. C. L. Patterson. The lovely home was artistically decorated with foliage and flowers, the winding stairway in the square entrance hall being twined with ivy, which gave a most picturesque effect. The long drawing room had its pictures and ornaments twined with ivy, and vases of roses and violets were placed on tables and mantel. The bow window, in which the bridal pair stood, was banked with calla lilies and palms, the arch above being ivy-wreathed.

Rev. N. Keel Smith performed the ceremony in a beautiful and impressive manner. The bride was very lovely in a gown of flesh colored tulle trimmed with lace and ribbons, her hair ornamented with lace and ribbons, and she wore a corsage bouquet of maroon and white roses. The two little nieces, Raymond and Sidney Reid, acted as bridesmaids. The former dressed in a black velvet suit, with an old gold sash around the waist, and a black and silver slipper and tuckers and a wide lace collar and ruffles around the neck; the latter wore a Greenway costume of pale blue silk with high puffed sleeves. They made two lovely pictures.

After the ceremony the guests were invited to the supper room where a delightful repast was beautifully served. Many handsome presents were received.

The happy pair will go immediately to house-keeping.

Miss Harris is one of Atlanta's loveliest young ladies and Mr. Abbey is a successful young business man who possesses the respect and admiration of all who know him.

Miss Annie Speer's home again from a long visit to friends in Nashville and Bowling Green, Ky.

The members of St. Philip's choir were given an early supper at Thompson's last evening, the supper being tendered by one of the congregation. Rev. Mr. Holly and Professor Gilmore, the musical director, were present. The affair was, in every respect, a most enjoyable one.

The little daughter of Rev. M. J. Coker, who has been dangerously ill, is reported decidedly better and the doctor thinks she will soon be well.

Band No. 5, King's Daughters, will meet at the residence of Mrs. B. F. Wily on Wednesday afternoon at 3:30.

Last night was the session of a pleasant party at the residence of Miss Lillie Scarlett. Dancing and other amusements were the features of the evening, followed with an elegant spread such as none but Mr. Scarlett knows how to prepare. Everything passed off pleasantly till the wee sma hours, when the guests retired, voting thanks to the fair hostess for the pleasure given.

The entertainment at Mr. George Muse's, 111 Capitol avenue, on tomorrow night, promises to be a great success. Some of our best local talent will take part in the exercises, and those who attend will be well rewarded. The proceeds will be devoted to a worthy cause, and the ladies getting up the entertainment feel greatly encouraged in the success they have met in the sale of tickets.
